646-797-4341
New York

Julian Pymonto has experience encompassing all stages of patent litigation in federal courts and inter partes review proceedings before the Patent Trial and Appeal Board (PTAB), pre-suit diligence and patent acquisition, and assisting on other intellectual property disputes, including trade secret misappropriation and proceedings before the International Trade Commission (ITC). Julian leverages his M.S. in electrical engineering to great effect across the technical gamut, whether interfacing internally with infringement, validity, and damages experts and case teams, extracting favorable and useful deposition testimony, or explaining complex concepts in motions and hearings.

Julian's practice is informed by his prior experience with patent prosecution and his understanding of clients' needs from a multidisciplinary lens. He has co-created and taught "Patent Law Essentials: What Scientists, Engineers, Physicians & Entrepreneurs Need to Know," a workshop covering the basics of U.S. patent law, at top universities in the U.S. and Singapore.

CREDENTIALS

Education

- New York University School of Law, J.D., 2017
- New York University Polytechnic School of Engineering, Electrical Engineering, M.S., 2014
- New York University Polytechnic School of Engineering, Electrical Engineering, B.S., summa cum laude, 2014

Bar & Court Admissions

- New York
- U.S. Patent and Trademark Office
- U.S. District Court, Southern District of New York
- U.S. District Court, Central District of California
